Questions for Your Doctor about Cardiac Biomarker Blood Tests

The following questions can help you discuss cardiac biomarker blood tests with your doctor. Consider printing or writing down these questions and taking them to your appointment. Taking notes can help you remember your physician’s response when you get home.

QUESTIONS ABOUT YOUR CARDIAC BIOMARKER BLOOD TEST

- Do you think I’ve had a heart attack?
- Do the cardiac biomarker blood test results show that I’ve had a heart attack?
- What happens next after having a heart attack?
- If I haven’t had a heart attack, what could be causing my symptoms? What kind of follow-up do I need to look into my symptoms further?
